REASONS FOR ALLOWANCE

The following is an Examiner's Statement of Reasons for Allowance:

The applicant's amendment filed 10/3/05 overcame the technical deficiencies and the prior art rejection. In particular, the applicant argues that there is no motivation to combine the Lee reference ('160) with the Maldonado reference ('197). The argument is persuasive without traverse. Claims 1, 3-11, 13-21, 23-31, 33-41 and 46-47 are allowed because the prior art of record does not suggest the step "decoupling the controlled oscillator from the first filter while first charge is pumped into the first filter" as combined in claim 1 or the recitation "the direct path loop filter including a first switch that decouples the direct path loop filter from the controlled oscillator while the charge pump pumps first charge into the direct path loop filter" as combined in claims 21, 31 and 41

CONCLUSION

Any comments considered necessarily by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to DINH T. LE whose telephone number is (571) 272-1745. The examiner can normally be reached on Monday-Friday (8AM-7PM).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, TIMOTHY CALLAHAN can be reached at (571) 272-1740.
